

As part of our popular Lunch Time Talk series McLaughlin College Proudly Presents:

The Fourth Anniversary of the Trump Administration: "From Trump to Biden"

The transition from the Trump to the Biden Administrations is unprecedented in American history. Despite pleas of "unity" from the latter, it begins with a second impeachment of Donald Trump. What is the record and legacy of the Trump Administration and what can the Biden Administration do, if anything, to assuage the divide in America between "blue" and "red" states, as well as those which "swing" between the two?
